Identify Uninsured Motorists

Examiner:

J. D. Chance

Group Art 3626

FIRST AMENDMENT

COMMISSIONER OF PATENTS Washington, D.C. 20231

Sir:

Please amend the above application as follows:

In the Drawings:

Substitute black and white drawings of Figs. 1 through 7, including an enlarged Fig. 5 per the Examiner's legibility requirement.

In the Claims

Cancel Claims 1 through 11, and add new claims 12 through 23, which read as follows:

- 12. A method for identifying uninsured motorists comprising:
- a. inputting into a computer processor a database of all in-force insurance policies from all insurance carriers within a geographical area, including data containing, but not limited to the name of the insured, their mailing addresses, driver's license numbers, dates of birth, policy numbers and effective dates, make of vehicle, year of vehicle, type of vehicle, and vehicle identification number,
- b. inputting into a computer processor a database of driver information from the motorist licensing division within a geographical area containing, but not limited to a driver's full name, their license number, address, date of birth,
- c. inputting into the computer processor a database of vehicle information from the division of motor vehicles within a geographical area containing, but not limited to the full name of the owner, mailing address, vehicle identification number, make
